Tuition Waiver vs. Academic Assistance
The University offers many options for employees to complete college-level coursework. Employees in full-time, permanent positions are granted three (3) tuition waivers per academic year. Additionally, departments may choose to pay for an employee’s tuition using the Academic Assistance program. The difference between the Tuition Waiver and Academic Assistance programs are described in the table below.

The new, online tuition waiver process pictured below is simpler and faster in Banner Self Service. As the table below illustrates, steps in the old process that required walking a paper form across campus to various departments for signatures have been eliminated.

## Tuition Waiver Policies

### Introduction

This section of the guide describes the policies associated with the UNC Charlotte tuition waiver program.

In this context, “policies” are defined as pre-established rules, regulations, protocols, or statutes for which non-compliance results in consequences.

### Employee eligibility requirements

The tuition waiver program is available to full-time, permanent faculty, EHRA, SHRA, and ROTC employees who:

- Are regularly scheduled to work 30 hours or more each week, 9 months of the year or longer,
- Meet normal work obligations and continue permanent employment status for the entire semester during which the course is taken, and
- Have been admitted to the UNC-system school and registered for course(s).

### Course eligibility requirements

Any course, graduate certificate program, distance education and extension programs within the UNC system that earns academic credit is eligible for tuition waiver.

However, continuing education workshops and seminars that provide continuing education units (CEU) are not eligible for tuition waiver.

**Note:** UNC Charlotte employees receive an employee discount for programs offered through Continuing Education. For additional information contact the Office of Continuing Education, Extended Academic Programs.

### Approval policy

Waivers must be reviewed by the employee’s manager in Banner Self Service by the semester, so a new tuition waiver request must be completed each semester.

If the employee’s manager is on extended leave, the request will be sent to the manager of the employee’s manager.

Fees not covered

UNC Charlotte employee/students are responsible for paying course or program fees, as well as matriculation fees.

Taxation for undergraduate students

Qualified tuition reduction is the amount of any reduction in tuition provided to an employee of an organization for education below the graduate level at a university. Gross income shall not include any qualified tuition reduction in accordance with IRC §117. Specifically, IRC §117(d)(2) states that any qualified tuition reduction provided to an employee of an educational institution for undergraduate courses is excludable from gross income.

<tr>
<td>Qualified tuition reductions are granted to</td>
<td>the courses are either job-related or not</td>
<td>not taxed</td>
</tr>
<tr>
<td>an employee</td>
<td>job-related</td>

</tr>
</tbody>
</table>

Taxation for graduate students

Under IRC §127(a), graduate level tuition waivers provided by a university to its employees are excludable from taxation in the amount up to $5,250 per calendar year if the tuition waivers are provided as part of an educational assistance program described in IRC §127(b).

Tuition waiver or reduction provided over $5,250 is considered a taxable fringe benefit for income tax purposes, unless the education is necessary for the employee to maintain or acquire skills necessary for current employment or the education meets an explicit requirement by the employer, law, or regulations and, therefore, would qualify as a deductible business expense under IRC §162 had the employee paid the tuition himself.

Under IRC §117(d)(5), in the case of graduate students who are engaged in teaching or research activities at the educational institution, tuition reduction for graduate level education is considered qualified tuition reduction. This section applies only to teaching and research assistants who are graduate students and not faculty or staff engaged in research or teaching.

#### Change in employment status

The employee must continue his or her permanent employment status and complete the full schedule of normal work obligations for the entire semester during which the course is taken. Termination or other changes in employment status which would make the employee ineligible under this policy or the Board of Governor’s Policy or Regulations will result in the employee being billed for the tuition and fees for the entire semester unless he or she has officially withdrawn from the class within the allowable time frame designated by the University.

#### Critical University policies

Employees and their managers who use the tuition waiver benefit should carefully and thoroughly read and abide by University Policy 101.1, Tuition Privileges for Certain Faculty and Staff including all of the “Related Resources” at the bottom of the page.

Tuition waiver allotment policy

If you are interested in taking classes or earning a degree at one of the other schools in the UNC system, contact the school’s admissions office to follow their specific guidelines. Contact the school’s Student Accounts Office to learn where and how to remit tuition waiver for payment.

UNC Charlotte employees are entitled to apply for tuition waiver for up to three courses during the academic year - defined as fall, spring, and summer semesters.

As pictured in the table below, no more than two waivers may be used during either the fall or spring semester, and only one waiver may be used between spring commencement and the first day of classes for the following fall semester.

Note: Employees who wish to take more than three courses during the academic year, may wish to explore the Academic Assistance program.

Policy on courses with required labs

If the course requires a lab that must be taken during the same semester, one tuition waiver will be applied. However, if the course and lab may, and are taken separately (during different semesters), then two tuition waivers will be applied.

Drop policy

This policy describes how an approved tuition waiver is applied (i.e. counted against the allotment of three per academic year) when a course and/or a waiver are dropped.

- The course should be dropped within the designated drop/add (D/A) period for that particular semester and school. Since all UNC system schools have different D/A dates and deadlines, it is important to consult the academic calendar for the school in which you are enrolled.
- If a UNC Charlotte course is dropped before the D/A deadline, the tuition waiver will also be automatically dropped (not applied) in Banner Self Service.

The table below illustrates several other possible drop scenarios.

See Misapplied tuition waiver policy

Misapplied tuition waiver policy

Any employee who intentionally misapplies or falsely reports their allotment of tuition waivers will be considered to have violated University Policy 804, Standards of Ethical Conduct and may be subject to review and potential discipline.

UNC Charlotte Faculty/Staff Textbook Loan policy

UNC Charlotte employees applying for tuition waiver may also take advantage of the Faculty/Staff Textbook Loan (FSTL) program which waives $200 from the full purchase price of required textbooks per course. The employee is responsible for paying any amount over the $200 per course waiver. This amount must be paid by cash, check, 49er card, or credit card when the textbook(s) is/are collected.

**Example:**

<table>
<thead>
<tr>
<th>$350</th>
<th>Full purchase price</th>
</tr>
</thead>
<tbody>
<tr>
<td>-$200</td>
<td>FSTL waiver</td>
</tr>
<tr>
<td>$150</td>
<td>Out of pocket expense for employee</td>
</tr>
</tbody>
</table>

Continued on next page
However, all textbooks remain the property of the FSTL program, and borrowed textbook(s) must be returned in satisfactory condition to the UNC Charlotte Barnes & Noble campus store:

- three business days following the end of final exams,
- upon withdrawal from the course, or
- following separation from employment...

...whichever comes first. Failure to do so will result in the “full purchase price” of the textbook(s) being deducted in a lump sum from the employee’s next pay stub.
Introduction

The tuition waiver program provides an opportunity for eligible employees to have tuition waived for a course taken at UNC Charlotte or any other university within the University of North Carolina system. Participation is voluntary and employees may take courses for professional or career development. This section of the guide is designed to guide employees through how to apply for tuition waiver.

In this context, “procedures” are defined as the pre-established steps an employee takes to complete an action.

Before you begin

Before you begin the tuition waiver application process, there are four stages through which you will navigate:

Stage 1 - Explore
- If you need guidance on the college application process at UNC Charlotte, contact the Office of Adult and Evening Services (OASES).
- If you are interested in taking classes or earning a degree at one of the other schools in the UNC system, contact the school’s admissions office to follow their specific guidelines.

Stage 2 - Apply
- Submit an application to the university of your choice through the Undergraduate Admissions or Graduate Admissions office, and be accepted.

Stage 3 - Enroll
- After you have been accepted, register for course(s) according to the tuition waiver use policy.

Stage 4 - Schedule
- Meet with your manager to discuss your plans. If the specific course(s) you plan to take has a class meeting time that conflicts with your work schedule, work with your manager to create an alternate work schedule, if possible.

## Tuition Waiver Procedures for the Manager

### Introduction

The tuition waiver program provides a benefit for eligible employees to have tuition waived for a course taken at UNC Charlotte or any other university within the University of North Carolina system. Employee participation is voluntary and they may take course(s) for professional or career development.

This section of the guide is designed to guide managers through the procedure for reviewing an employee’s online request for tuition waiver.

In this context, “procedures” are defined as the pre-established steps an individual takes to complete an action.

### The manager’s role and responsibilities

Managers bear responsibility for encouraging and supporting professional development of their direct-reports. In doing so, they are responsible for following University Policy 101.1 (tuition privileges for certain faculty and staff) and University Policy 501 (nondiscrimination). The annual performance appraisal goal setting process is an ideal time to discuss professional development such as tuition waiver.

Employees are encouraged to tell you about the specific course(s) they plan to take, and, if the class meeting schedule conflicts with their regular work schedule, to work with you to create an alternate work schedule, if possible.

### If the manager is on leave

If you are on extended leave, tuition waiver requests from your direct-reports will automatically be sent to your manager. Please prepare your manager for this responsibility by sharing this guide with them.

If the request is sent to the wrong manager

The online tuition waiver process is based on reporting relationships in Banner. If the reporting relationship has not been updated, the employee’s request for tuition waiver will be routed to the wrong manager.
